Messes Edwards W. Smith: We have noticed with much surprise and regret, the attack made through the columns of the Eastern Argus and the Bangor Democrat, upon the Aroostook Road, and the settlement of the Aroostook country. We recollect the opposition made by the locos in the House and Senate last winter to the new land law, and against the appropriation for continuing the Aroostook road, and we have been looking in vain, for some satisfactory reason for such extraordinary

The only mewer the Argus has seen fit to make, is to charge Mr. Webster and others as being interested proprietors in township No. 4, which is notoriously untrue, as not one of those individuals own, or ever have owned, a single acre; in that township. Does the Argus wish for a certificate from the whole county of Penobscot? It shall be given on the 10th of September Aud has its constant fear of that great bog rows; the ocean on which her bark of hope is at the head of salt river, which it expects so soun to explore, really, so confounded its intellect, that it is unable discover any thing but bogs elsewhere? We shall soon see.

The Argus further represents that in May last, 600 men took up the line of March for from it. Township No. 4, to settle thereon. Now to accommodate each one of these settlers, with a

> DR BRANDRETH'S GENUINE PILLS Doctor Sangrado's +y stem still

Lives in the world, to kill, to kill! FatillS system tioes indeed live still, and is practised by the very men who laugh at Doctor Sangrado as a visionary fool. The immaculate Faculty !! I et this truth be impressed upon every mind that all pain and weakness proceed from the presence of morbid, stagnant and corrupt humors IN THE BODY by which the circulation of the bloods is impeded, and that the only sensible method is to remove them from the stomach & bowels, then take Brandreth's Pil's, concocted furth

From the pure products of the earth They own no after said alloy,

They often save, but ne'er destroy !

BLEEDING ALWAYS IMPROPER, "For the life of the flesh is in the blood." Levit-cus chapter xxii. v. 11. When the properties of BRANDRETH'S VEGETABLE UNIVERSAL PILLS CHY , es he thought of as a remedy for diseases, for in violent inflaminations eight or ten of them will take, in the course of two at three-hours, more of the impure humors from the horiv, by the stomach and bowels, than bleeding to the extent of forty ounces could possibly have with and it should be remembered that the Pills remove ONLY those parts from the blood which were the cause of in flainmation; whereas bleeding removes the essen ual parts also. How great the prostration of all the corporeal powers after a copious bleeding On the contrary what agility and strength is felt after a slove of this medicine; the body is indeed, lightened of a load. Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind which 84 years have proved never to do mjury but always good 18 the pulse too high? A dose of these Pills will bring it down Is it too low? the same means will increase it to a proper standard. Is it tremulous, showing nervous excite mout? the Pills, by soo hing the system will allay it

THE most safe, effectual and economical remody for diseases of the Human Constitution, that has ever heen discovered.

These Pills are composed entirely of materials exracted from Medical Plants, and are warranted not to contain one particle of mercury, or any mineral substance Dr Kingley, the inventor of this value able medicine from his knowledge of the human system derived from a long and extensive practice has arrived to the conclusion, that the great and primary cause of most diseases is a derapgement in the functions of the liver; or in other words on in-creased or diminished secretion of the Bae Sowith 18 this understood, ther it is common for persons to say when they feet miwell that they are

Dr Kingley has spent much time in experiment of the liver, and now offers his Universal Family Pills as the best, most convenient and cheapest medicine that can be prepared for general use; and in offering them to the putilic, he is actuated more y benevolent than previously motives, as the price the medicine will show.

Thereby certify, that I have known Brandreth's menting with vegetable medicines has enabled him Vegetable Universal Pillfor upwards of forty years to discover the time and only substitute answering all the purpose of increurials, without any of their attendant exils. One great quality of his family Pills is, that they have the alterative principle combined with their eathartic or operative quality, so that they not only reasse the stomach and howels by purging, but they regulate the liver. change the morbid secretions; strengthen the digestive organis purify the blood, invigorate the circulation, and give one and energy to the nervous system
They are mild and pleasant in their operation, and
